HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

Division 200—Insurance Solvency and Company Regulation

Chapter 1—Financial Solvency and Accounting Standards

PROPOSED AMENDMENT

20 CSR 200-1.160 Valuation of Life Insurance Policies. The department is amending subsections (3)(A) and (3)(B) and section (6).

PURPOSE: This amendment changes the calculation requirements for premium deficiency reserves with respect to life insurance policies, if otherwise applicable.

(3) General Calculation Requirements for Basic Reserves and Premium Deficiency Reserves.

(A) At the election of the company for any one or more specified plans of life insurance, the minimum mortality standard for basic reserves may be calculated using the 1980 CSO valuation tables with select mortality factors (or any other valuation mortality table adopted by the NAIC after the effective date of this rule and promulgated by rule by the director for this purpose). If select mortality factors are elected, they may be:

1. The ten (10)-year select mortality factors incorporated into /S/section 376.380, RSMo, and 20 CSR 400-1.100, 20 CSR 400-1.120, and 20 CSR 400-1.130;

2. The select mortality factors in the Appendix, **included herein**; or

3. Any other table of select mortality factors adopted by the NAIC after the effective date of this rule and promulgated by rule by the director for the purpose of calculating basic reserves.

(B) Deficiency reserves, if any, are calculated for each policy as the excess, if greater than zero, of the quantity A over the basic reserve. The quantity A is obtained by recalculating the basic reserve for the policy using guaranteed gross premiums instead of net premiums when the guaranteed gross premiums are less than the corresponding net premiums. At the election of the company for any one or more specified plans of insurance, the quantity A and the corresponding net premiums used in the determination of quantity A may be based upon the 1980 CSO valuation tables with select mortality factors (or any other valuation mortality table adopted by the NAIC after the effective date of this rule and promulgated by rule by the director). If select mortality factors are elected, they may be:—

1. The ten (10)-year select mortality factors incorporated into section 376.380, RSMo, and 20 CSR 400-1.110, 20 CSR 400-1.120, and 20 CSR 400-1.130;

2. The select mortality factors in the Appendix *[of this rule]*, **included herein**;

3. For durations in the first segment, X percent of the select mortality factors in the Appendix, subject to the following:

A. X may vary by policy year, policy form, underwriting

classification, issue age, or any other policy factor expected to affect mortality experience;

[B. X shall not be less than twenty percent (20%);

C. X shall not decrease in any successive policy years;]

[D./B. X is such that, when using the valuation interest rate used for basic reserves, part (I) is greater than or equal to part (II):

(I) The actuarial present value of future death benefits, calculated using the mortality rates resulting from the application of X;

(II) The actuarial present value of future death benefits calculated using anticipated mortality experience without recognition of mortality improvement beyond the valuation date;

[E./C. X is such that the mortality rates resulting from the application of X are at least as great as the anticipated mortality experience, without recognition of mortality improvement beyond the valuation date, in each of the first five (5) years after the valuation date;

[F./D. The appointed actuary shall increase X at any valuation date where it is necessary to continue to meet all the requirements of paragraph (3)(B)3.;

[G./E. The appointed actuary may decrease X at any valuation date as long as X [does not decrease in any successive policy years and as long as it] continues to meet all the requirements of paragraph (3)(B)3. [of this section];

[H./F. The appointed actuary shall specifically take into account the adverse effect on expected mortality and lapsation of any anticipated or actual increase in gross premiums; and

[I./G. If X is less than one hundred percent (100%) at any duration for any policy, the following requirements shall be met:

(I) The appointed actuary shall annually prepare an actuarial opinion and memorandum for the company in conformance with the requirements of section 20 CSR 200-1.116(6);

(II) The appointed actuary shall annually opine for all policies subject to this rule as to whether the mortality rates resulting from the application of X meet the requirements of paragraph (3)(B)3. [of this section]. This opinion shall be supported by an actuarial report, subject to appropriate Actuarial Standards of Practice promulgated by the Actuarial Standards Board of the American Academy of Actuaries. The X factors shall reflect anticipated future mortality, without recognition of mortality improvement beyond the valuation date, taking into account relevant emerging experience; [and]

(III) The appointed actuary shall disclose, in the regulatory asset adequacy issues summary, the impact of the insufficiency of assets to support the payment of benefits and expenses and the establishment of statutory reserves during one (1) or more interim periods; and

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 400—Life, Annuities and Health Chapter 8—Forms, Procedures, and Fees

PROPOSED AMENDMENT

20 CSR 400-8.200 Procedures for the Filing of All Policy Forms and Certain Rates for Life or Health Policies, Contracts, or Related Forms. The director is amending the chapter and rule titles and the rule purpose, amending sections (1) through (4), deleting sections (5) through (7), adding new section (5), amending renumbered sections (6) and (7), and deleting the form which follows the rule in the *Code of State Regulations*.

PURPOSE: The proposed amendment requires companies to electronically file forms through a designated multi-state system which was authorized by the General Assembly in 2008 in House Bill 1690, section 374.056, RSMo. The amendment will allow the department to more efficiently process form filings.

PURPOSE: This rule outlines the procedure for filing life or accident and health insurance policies, health maintenance organization benefit plans, health maintenance organization provider contracts, annuities and other contracts, and related forms which must be approved by the director prior to their use in Missouri. This rule also establishes the procedure for the filing of certain rates and sets forth the manner in which filing fees are calculated.

(1) **Applicability**—This regulation applies to all policies, contracts and related forms, rates, and advertisements which must be filed with the [director] department.

(2) **Definitions.**

(A) “Insurer” means all companies authorized to transact the business of life or health insurance in this state, fraternal benefit societies, health service corporations, health maintenance organizations (HMOs) or any other prepaid plan providing health care, dental, vision, or similar types of services or benefits to citizens of this state.

(B) “The department” means the Department of Insurance, Financial Institutions and Professional Registration.

[(B)](C) “Policies, contracts, and related forms,” or “forms,” means group or individual policies or contracts issued by an insurer, including any:

1. Individual policies, [and] group policies, and certificates [and insert pages];

2. Endorsements, riders, amendments, or addendums to the policy or contract;

3. Group certificates of coverage as set forth in subsection (4)(C) of this regulation;

4. Applications and enrollment forms or any forms supplemental to them;

5. Any schedule pages filed separately from the policy or contract when they are used to set forth the provisions and conditions of coverage provided under contracts issued by insurers; [and]

6. Any form used by an HMO or other prepaid plan to contract

with persons providing care, services, or supplies to enrollees[.]; and

7. Any HMO provider risk-sharing arrangement in accordance with section 354.624, RSMo.

(3) **Filing Requirements for All Policies, Contracts, and Related Forms.**

(A) All policies, contracts, and related forms must be submitted [in duplicate to the life and health section for approval prior to use in this state] via the System for Electronic Rate and Form Filing (SERFF).

(B) Each filing of a form(s) must be accompanied by a [letter of transmittal, in duplicate, which references the forms and] general description, which briefly describes the benefits or other purpose of the form(s) and the intended market in which [it] the form(s) will be utilized.

(C) The [letter of transmittal] general description must disclose if a form is new or a replacement to a previously-approved form. If a form is replacing a previously-approved form, the [letter] general description must give the reason for the replacement and provide the [form number and approval date] SERFF tracking number for the form being replaced. If there is no SERFF tracking number applicable to the form being replaced, the insurer must provide other identifying information as determined by the department.

(D) Each form, if not a complete policy, must specify if it is an amendment, rider, endorsement, addendum, or other type of attachment to a policy form.

1. Each amendment, rider, endorsement, addendum, or other type of attachment to a policy form must be submitted with the SERFF tracking number of the policy(ies) to which it will be attached; or

2. If the original policy was not submitted via SERFF, a copy of the policy(ies) to which it will be attached and a copy of the stamped approved transmittal document (TD-1) that was provided to the company by the department at the time the policy was approved.

[(D)](E) Life insurance forms must be submitted separately from health insurance forms. [However, this restriction does not apply where the combination of coverage is inherent to the plan design of group coverage.]

[(E)](F) Group forms must be submitted separately from individual forms.

(G) HMO contracts and evidences of coverage must be submitted separately from HMO provider contracts.

[(F)](H) Life insurance and annuity submissions must be accompanied by actuarial demonstrations of compliance with section 376.670, 376.671, or 376.697, RSMo, where appropriate.

[(G)](I) Each policy, contract, or related form must contain a unique form number in the lower left corner of the face page. In the case of riders, amendments, or applications, the unique form number must appear in the lower left corner of the first page.

(J) Each separately-licensed insurer must file its forms separately from any other separately-licensed insurer, including separately-licensed-but-affiliated insurers. A filing submitted by one (1) affiliate may not serve to meet any filing obligation of a separately-licensed affiliate.

(4) **Filing Requirements for Group Policies and Contracts.**

(A) The type of group to which the filing is intended to be issued [clearly] shall be clearly identified in the [letter of transmittal] general description. The group type shall be described pursuant to classifications enumerated in sections 376.421, 376.691, 376.693, and [376.951.2(4)(d)]376.1100.2(4), RSMo.

Subsequent changes to the policy affecting the original actuarial assumptions must be accompanied by additional actuarial justifications.

(C) If a group policy as described in section 376.421.2, 376.693, or [376.951.2(4)(d)]**376.1100.2(4)**, RSMo, is issued in another state but coverage is offered to residents of Missouri, the certificate of coverage must be filed for approval prior to use in Missouri.

1. Each filing also must be accompanied by the actuarial justifications required of Missouri situated groups under subsection (4)(B).

2. The filing for approval required in subsection (4)(C) need not be provided if the insurer demonstrates that the group policy was delivered and approved in a state which adopted the 1983 version or a more recent version of the National Association of Insurance Commissioners (NAIC) Model Group Law, which includes provisions substantially similar to those contained in the statutes referenced in subsection (4)(C).

[(5) Filing Requirements for pro forma HMO Provider Contracts and Risk-Sharing Arrangements.

(A) *Pro forma provider contracts must contain an identifying form number in the lower left corner of the first page.*

(B) *Each pro forma provider contract, including any amendments or endorsements, and any risk-sharing arrangements or terms, must be filed with a transmittal document as specified in section (6).*

**Title 13—DEPARTMENT OF SOCIAL SERVICES
Division 30—Child Support Enforcement
Chapter 2—Performance Measures**

ORDER OF RULEMAKING

By the authority vested in the Family Support Division under section 454.400.2(5), RSMo 2000, the director amends a rule as follows:

13 CSR 30-2.010 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on November 15, 2010 (35 MoReg 1688-1690). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Social Services, Family Support Division received three (3) comments on the proposed amendment.

COMMENT #1: A comment received from the Jackson County Prosecutor's Office challenged subsection (2)(C) because of the lack of definition of "essential" and therefore requested the word's removal from the section and also challenged the use of the word "client" interchanged with "custodian."

RESPONSE AND EXPLANATION OF CHANGE: This comment was taken as a multiple request. The division agrees with the suggested change to replace "client" with "custodian" when referring to the custodial parent and to be consistent throughout the section; the division will make that change. However, the division respectfully disagrees with the remaining comments for the deletion of language

regarding essential actions. The term "essential" is used in the *Code of Federal Regulations* as a performance standard. Moreover, the prosecutors performing IV-D functions will define "essential to the successful completion of the requested action" based upon his or her legal opinion and the processes of each court in which (s)he appears. It is expected that processes will vary from jurisdiction to jurisdiction, and therefore no definition was intended.

COMMENT #2: A comment received from the Jackson County Prosecutor's Office challenged paragraph (5)(A)3. for being vague and in contradiction to the division's cooperative agreement with prosecuting attorneys. The cooperative agreement sets forth in a separate section how the state may address a prosecuting attorney's non-compliance or failure to perform.

RESPONSE AND EXPLANATION OF CHANGE: The division will accept this change to amend paragraph (5)(A)3.

COMMENT #3: A comment received from the Jackson County Prosecutor's Office challenged paragraph (5)(A)4. for being vague, in that the term "substantial compliance" was not defined and the standards for reaching "substantial compliance" are unknown. The comment suggested that the section cite the *Code of Federal Regulations* as the source for defining the standards for the prosecuting attorneys.

RESPONSE AND EXPLANATION OF CHANGE: It is important for the prosecuting attorneys to know that their performance affects the overall state's performance and that all of Missouri's IV-D cases are measured against the federal performance measures whether or not they are referred to the prosecuting attorney. It should then be clearly stated that the prosecutors will be held to the same performance standards that the state offices have to meet pursuant to federal statute, regulation, and IV-D policy. Therefore, paragraph (5)(A)4. should be amended.

13 CSR 30-2.010 Prosecuting Attorneys' Performance Standards

(2) Performance Requirements Standards for All Counties on Cases Referred by the Division.

(C) The time frames contained in subsection (2)(A) of this rule shall be tolled for those time periods during which the prosecuting attorney has requested information from the division that is essential to the successful completion of the requested action; or time periods in which the custodian does not cooperate with the prosecuting attorney and the custodian's cooperation is essential to the successful completion of the requested action, provided the prosecuting attorney has documented the date the noncooperation occurred and the reason for determination of noncooperation in the Missouri Automated Child Support System (MACSS). Tolling due to noncooperation shall terminate only upon the custodian's affirmative action that is essential to the successful completion of the requested action. The prosecuting attorney (PA) shall document the date the affirmative action occurred and the reason for determination of cooperation in MACSS.

(5) Performance Requirements.

(A) The following are mandatory requirements by which prosecuting attorneys' actions on referred cases shall be evaluated:

1. The county shall provide services on referred cases according to federal and state statutes and regulations and cooperative agreement requirements, including those related to financial reimbursement for services provided on referred cases. Failure to do so shall be deemed failure to comply with this rule and this provision. Waivers of this provision may be granted by the division director but are not effective unless granted in writing and are not effective retroactively unless specifically set forth by the director as being permissibly applied retroactively for a specified time period;

2. The county shall cooperate with compliance reviews conducted by the division pursuant to the requirements of 13 CSR 30-2.010(2), which will occur no more frequently than semi-annually. Upon completion of the compliance review, the division shall submit a draft compliance review results summary to the county. The county shall have the right to submit written rebuttals of this review to the manager of the division compliance review section within thirty (30) days of receiving the review results. The division shall then have sixty (60) days in which to submit, in writing, its decision on each and every case rebutted to the county. The county shall then have fifteen (15) days to submit, in writing, the division's rebuttal decisions for review *de novo* by the division's deputy director of field operations. After review *de novo*, the final decision of the division shall be issued within thirty (30) days. Either party may request in writing an extension of the time frames contained herein;

3. The division will otherwise retain authority to conduct special audits and take appropriate action based on the special audit. The division will also retain the authority to discuss with the prosecuting attorney the actions taken in all cases that have been referred to the county and take other action as set forth in the cooperative agreement between the state and the prosecuting attorney; and

4. The county shall achieve substantial compliance with the performance requirements set forth in this regulation concerning actions taken on referred cases and meeting time requirements in so doing. Substantial compliance means that the county has achieved the same case quality standards for those activities for which it is responsible, as are required by the division of its child support offices set forth by federal statutes, federal regulations, and federal IV-D policy.

**Title 20—DEPARTMENT OF INSURANCE,
FINANCIAL INSTITUTIONS AND PROFESSIONAL
REGISTRATION
Division 400—Life, Annuities and Health
Chapter 2—Accident and Health Insurance in General**

ORDER OF RULEMAKING

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration under section 374.045, RSMo Supp. 2010, the director adopts a rule as follows:

20 CSR 400-2.180 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on October 15, 2010 (35 MoReg 1485). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: At the November 15, 2010, hearing at the director's offices concerning this rule, Brent Butler testified on behalf of the Missouri Insurance Coalition (MIC). Butler also submitted a letter on behalf of MIC containing comments on the rule.

COMMENT #1: Butler, on behalf of MIC, commented that the proposed rule exceeds the department's statutory authority.

RESPONSE: The director disagrees with this comment. Section 374.045.1(3), RSMo, provides that "the director shall have the full power and authority to make all reasonable rules and regulations . . . [t]o effectuate or aid in the interpretation of any law of this state in [Chapter 376], or as otherwise authorized by law." The proposed rule effectuates and aids in the interpretation of section 376.1232, RSMo, by defining prosthetic devices and services, which are undefined by section 376.1232, RSMo. No changes to the rule have been made in response to this comment.

COMMENT #2: Butler, on behalf of MIC, commented that a rule is unnecessary for the department to implement section 376.1232, RSMo.

RESPONSE AND EXPLANATION OF CHANGE: The director disagrees with this comment, except as to two (2) subsections and as to redundant language in section (2). The proposed rule is necessary to assure consistency among the offers of coverage for prosthetic devices and services mandated by section 376.1232, RSMo, and to clarify what offers of coverage satisfy the requirements of section 376.1232, RSMo. The director believes that the legislature saw fit to enact section 376.1232, RSMo, because the free market, operating in the absence of regulation, failed to meet the needs of insurance consumers. The proposed rule seeks to effectuate the legislature's purpose in addressing this failure. As to sections (3) and (4) of the proposed rule, as published in the October 15, 2010, *Missouri Register*, however, the director agrees that those sections are unnecessary to implement section 376.1232, RSMo, as they are essentially duplicative of provisions already contained in section 376.1232, RSMo. Those sections have therefore been deleted from the rule, and the director has renumbered sections (5) and (6) accordingly. Because subsections (2)(A) through (2)(I) define "services" with reference to prosthetic services, the language "refers specifically to prosthetic services" was deleted from section (2) as redundant.

COMMENT #3: Butler, on behalf of MIC, referring to subsection (2)(G) of the rule, commented that any warranty on a prosthetic device should be issued by a manufacturer and that insurance companies should not be required to offer coverage for replacement due to defective manufacture of the device.

RESPONSE: The director disagrees with this comment. Section 376.1232, RSMo, extends its mandate to offers of coverage for "replacement devices." In addition, subsection (2)(G) of the rule requires an insurance company to offer coverage for repair or replacement of a prosthetic device only to the extent that a warranty offered by a manufacturer or supplier of a prosthetic device does not cover the device. If manufacturers and suppliers provide the warranties that Butler's comment foresees, insurance companies will bear no responsibility for repair or replacement to the extent of the manufacturers' or suppliers' coverage.

20 CSR 400-2.180 Offer of Coverage for Prosthetic Devices and Services

(2) As used in this rule and section 376.1232, RSMo, the term "services" means—

(3) A health carrier may offer coverage more generous than the coverage described in this rule or in section 376.1232, RSMo.

(4) If the offer of coverage described in this rule and in section 376.1232, RSMo, is not accepted by the purchaser of the health benefit plan, nothing in this rule or in section 376.1232, RSMo, shall be construed to prevent the health carrier from offering alternative coverage for prosthetic devices and services or from using alternative definitions of these terms.

This section may contain notice of hearings, correction notices, public information notices, rule action notices, statements of actual costs, and other items required to be published in the *Missouri Register* by law.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10) or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2010, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
